Moovinator STL top loaded tool free

filter receivers

Developed especially for use in process applications where fast change overs and sanitation are important. Moovinator S provides a clean line of sight clean up and sanitation. Hinged clean air plenum and tube sheet makes cleaning much easier. No heavy lifting of plenum- no loose parts to remove, its all self contained. Moovinator S works in either pressure or vacuum convey systems and is the most economical solution for flexible process line operation.

Ergonomic

Top loading filter media is easier.
